

# MOVIE NIGHT

## HOSTING A SCREENING

**Thank you so much for hosting a screening of The Missing Project. Here are a few suggestions and general guidelines for organizing your event:**

1. **Work with others:** Consider partnering with other pro-life or human rights groups in your area, and other people you may know. This will not only help with the amount of work, it will also help spread the word to more people.
2. **Confirm the date:** Pick an evening that conflicts least with other like-minded functions in the area.
3. **Secure a venue:** We recommend a minimum of 30 people at each screening. Make sure your venue fits a large group comfortably, and can provide or accommodate the following:
  - Laptop
  - Projector
  - Quality speakers
  - Screen
4. **Advertising:**
  - Create a Facebook event and invite all your friends.
  - Create a poster, reminding people of the upcoming event
  - Post in the local community newspapers and/or as bulletin announcement
  - Consider charging a fee to re-coup the cost of hosting a screening (when you put a price on something people are more invested)

### **Day of the event:**

1. Print out discussion questions
2. Before the screening begins, provide the audience with a bit of information (ie. "Welcome to tonight's screening of The Missing Project! Here is a little bit of information about the film.")
  - Make them aware that the film will begin with a short intro by the producer, Ryan Stockert.
